WE DEMAND

- No in-person schooling until the scientific and public-health data supports it
- Police-free schools
- All schools must be supported to function as community schools with adequate numbers of counselors and nurses
- Safe conditions including lower class sizes, PPE, cleaning, testing, and other key protocols
- Equitable access to online learning
- Support for our communities and families, including a moratorium on evictions/foreclosures, direct cash assistance to those unable to work, and other critical social needs
- Moratorium on new charter or voucher programs
- Massive infusion of federal money to support the reopening funded by taxing the billionaires and Wall Street
